PROFESSIONAL SUMMARY

Growth-minded **Software Developer** skilled in designing, developing, and deploying scalable web applications using **React, Next.js, Node.js, Express.js, and MongoDB**. Certified in Web Development by **GoMyCode Nigeria**, combining a background in **B.Sc. Mathematics & Computer Science** with practical experience in component-based UI engineering, RESTful API architecture, database management, and version control. Adaptable engineer with strong technical problem-solving capabilities, ready to build clean, maintainable, and production-ready applications across the full software lifecycle.

TECHNICAL SKILLS

- **Frontend Engineering:** JavaScript (ES6+), TypeScript, React, Next.js, Vite, HTML5, CSS3, Sass, Tailwind CSS, Bootstrap
- **Backend Engineering:** Node.js, Express.js, RESTful APIs, JWT Authentication, Middleware Development
- **Database & ORM:** MongoDB, Mongoose, Document Modeling
- **Architecture & Core Concepts:** Fullstack MERN Architecture, Component-Based Architecture, State Management, Responsive Web Design, Async Programming
- **Tools & Workflow:** Git, GitHub, Postman, npm/yarn, Modern Frontend Tooling, Cross-Browser Testing & Debugging
- **Core Competencies:** Fullstack Web Development, Technical Problem-Solving, Agile Collaboration, System Troubleshooting

DEVELOPMENT & TECHNICAL EXPERIENCE

Fullstack Software Developer Intern | GoMyCode Nigeria

Lagos, Nigeria

- Built responsive, component-driven user interfaces using **React, Next.js, Vite, TypeScript, and Tailwind CSS** to ensure seamless cross-device performance.
- Engineered modular backend services and RESTful APIs using **Node.js, Express.js, and MongoDB** for dynamic data fetching, authentication, and state management.
- Collaborated with cross-functional developer teams using **Git/GitHub** feature branching, code reviews, and Agile methodologies.
- Diagnosed and resolved end-to-end fullstack bugs, optimizing database queries and client-side rendering speed.

IT Support Specialist | Abottmax LCMS (Microfinance Bank)

Lagos, Nigeria

- Provided first-line technical support, diagnosing and resolving banking application software bugs, access issues, and data transaction errors.

- Managed enterprise software applications and internal network systems, ensuring high uptime and system availability.
- Collaborated with technical teams to track, log, and streamline user troubleshooting workflows.

Project Manager | Lloyd Angela & Company Limited

Lagos, Nigeria

- Coordinated technical operations, resource allocation, and task execution to ensure timely delivery of multi-phase projects.
- Enforced quality standards, risk management practices, and operational workflows across project environments.

EDUCATION & CERTIFICATIONS

- **Certification in Web Development / Fullstack Skills** | GoMyCode Nigeria
- **Bachelor of Science (B.Sc.) in Mathematics and Computer Science** | National Open University of Nigeria (in view)
